Top 5 Antivirus Reviews 2017

These days having an antivirus software on your computer is important, but with so many options to choose from it's hard to know what product to go for. I'm compiled a list of the top 5 antivirus products you can trust based on my own extensive research. Use the reviews below to find the right product for you.

 TOTAL AV Ultimate Antivirus 2017	Security 	Features 	Price FREE	Score 9.8
	#1 Antivirus 2017! This product is free to use, and has dominated the start of 2017. Highly Recommended.			DOWNLOAD

 SCANGUARD Security Suite	Security 	Features 	Price FREE	Score 9.7
	This is also an awesome antivirus, includes free speed and boost tools. Great for removing Malware, Adware and Spyware.			DOWNLOAD

 Norton by Symantec	Security 	Features 	Price £49.99	Score 8.9
	Well known and trusted AV, super easy to use and have great features. Recommended for anyone willing to spend £50 on strong protection.			VISIT SITE

 PCPROTECT Antivirus Pro 2017	Security 	Features 	Price FREE	Score 8.7
	Free and Easy to install. New to the industry but super strong malware protection. Free Safe Browsing tool also included.			DOWNLOAD

 McAfee An Intel Company	Security 	Features 	Price £44.95	Score 8.1
	Not a great amount of features but well known AV product that can be trusted. Used this for years before I found TotalAV.			VISIT SITE

About Me - Bob Jones

I'm Bob Jones, Online Security Consultant & Founder at myantivirusreviews.com.

With over 20 years experience in the cyber-security industry I have grown to know every detail inside out about staying safe online.

Choosing the right Antivirus product can be hard, with so many different options out there making it hard for us decide which one to go for.

With my extensive research, I have put together a top 5 list of my favourite Antivirus products. All reviewed and ranked based on my own research. I've mainly factored in level of security & detection, features available and of course rates. Giving you a list of 5 products you can trust.
