

A Nation That Has Lost Its Collective Mind

We have become a nation that has lost its collective mind!

- If a dude pretends to be a woman, you are required to pretend with him.
- Somehow it's un-American for the census to count how many Americans are in America.
- **Russians influencing our elections are bad, but illegals voting in our elections are good.**
- **It was cool for Joe Biden to "blackmail" the President of Ukraine, but it's an impeachable offense if Donald Trump inquires about it**
- Twenty is too young to drink a beer, but eighteen is old enough to vote.
- People who have never owned slaves should pay slavery reparations to people who have never been slaves.
- Inflammatory rhetoric is outrageous, but harassing people in restaurants is virtuous.
- People who have never been to college should pay the debts of college students who took out huge loans for their degrees.
- Immigrants with tuberculosis and polio are welcome, but you'd better be able to prove your dog is vaccinated.
- Irish doctors and German engineers who want to immigrate must go through a rigorous vetting process, but **any illiterate gang-bangers who jump the southern fence are welcome.**
- **\$5 billion for border security is too expensive, but \$1.5 trillion for "free" health care is not.**
- **If you cheat to get into college you go to prison, but if you cheat to get into the country you go to college for free.**
- **People who say there is no such thing as gender are demanding a female President.**
- **We see other countries going Socialist and collapsing, but it seems like a great plan to us.**
- Some people are held responsible for things that happened before they were born, and other people are not held responsible for what they are doing right now.
- **Criminals are catch-and-released to hurt more people, but stopping them is bad because it's a violation of THEIR rights.**
- And pointing out all this hypocrisy somehow makes us "racists"?!

Nothing makes sense anymore, no values, no morals, no civility and people are dying of a Chinese virus. We are living in an upside-down world for sure.

These are not my words, but I'm applauding whoever wrote them!
