Hoa Truong

Vietcong terror claimed the unpredictable victory on April 30, 1975, after barbecued more than 1,500,000 troops and 300,000 went missing. The bloody victory of the Vietcong exchanged the human disaster of the **human wave tactic** devised by Mao Tse Tung in the Korean War caused a million Chinese communist troops killed. Vietcong applied in the Indochina War and Vietnam War. **Unfortunately, the traitors like Jane Fonda, John Kerry, and other Vietcong supporters plus the left media have concealed the truth, the social dregs lose the human mind, instead, the animal instinct is replaced.** The military genocide of China and Vietcong has remained the deep and long-term sorrow of families to be used by the Global Communist Bloc in the Cold War. The victory is based on the blood of the conqueror's army that conflicts with humanity.

Vietcong and China are merciless, the betrayal character exposes on the saying" *throwing the lemon skin after the juice emptied*". Whoever doesn't know about communists may find out about the massive casualties of the communist troop in the Korean War, particularly, the Vietnam War, when the Vietcong forgot 300,000 troops went missing, instead the regime interests to find the missing soldiers of the US and allies for money.

After Vietcong attempted the last invasion in 1975, initially, the dried bloodbath policy or the cruel revenge policy applied, the ruthless regime concentrated more than 800,000 soldiers and public servants of South Vietnam into prison. The political prisoners were sent to the hell of re-education camps throughout South and North Vietnam. However, Vietcong called the tolerant policy to confirm the soldiers and public servants just take a week to learn the revolutionary policy, therefore, the political prisoners imprisoned from few years to 17 years. The worst treatment killed more than 165,000 prisoners and Vietcong also expelled a million families in South Vietnam's people to the jungle, it called the New Economic Zone. Instead, the conquerors robbed the house and assets.

On April 30, 1975, the illegal President Dương Văn Minh (\*), a Vietcong's undercover activist handed over the South Vietnam government and another traitor Brigadier General Nguyễn Hữu Hạnh disbanded the South Vietnam Army with a million members. Vietcong propagated on national radio about the revolutionary policy, a phrase repeated: "**the revolutionists don't touch a needle and string of people**" (*Cách mạng không đụng tới cây kim, sợi chỉ của đồng bào*). The demagogic propaganda conflicted a speech of Mr. Nguyễn Hộ, the high ranking cadre of the central communist party, he stood at Saigon town hall on April 30, 1975, and told with his comrades: "**their house-we occupy, their wife-we take and their children-we enslave**". This cruel policy also advocated by a high ranking cadre Đỗ Mười who held Deputy Prime Minister and later Secretary-General of Vietnam's Communist Party. The killing, robbery called revolutionary morality, so the communists always pride serious crimes, and they have never repented.

Vietcong **robbed and looted the assets and anything from the people in South Vietnam after 1975**, the invader used a hundred liners to transport the booty from South to North Vietnam. Vietcong took vehicles, motorbike, bicycle, furniture, even the tin sheets, and many things. Nevertheless, Vietcong robbed the people by three times changing the currency. Certainly, a needle and a string are valueless, but the properties and money are the main targets of the Vietcong's gang.

Nowadays, former Vice President Joe Biden, hopeful presidential candidate. spoke like Vietcong in the last debate on October 22, 2020. Sleepy Joe Biden just woke up and said: "**I haven't taken a single penny from any foreign source in my life**"... **Joe Biden lied and cheated** to the US people. The blatant evidence of corruption was publicized: China's Communist Party rewarded \$US 2.1 billion for Hunter Biden after his father had the best services for China's interest while holding Vice President's position in 8 years. Nevertheless, Hunter Biden robbed \$US 3.5 million from Elena Bataulina, the richest woman in Russia. Ukraine's gas company Burisma Holdings handed many million US dollars to Hunter Biden.

Nevertheless, Hunter Biden's laptop provided evidence of corruption and treason. Moreover, the whistleblower Tony Bobulinski testified the secrets between China's Communist Party and Joe Biden's family. The US people now see Joe Biden and his family as the corruption hub. After leaving the White House, former Vice President

Joe Biden's assets amounted up to \$US 16 million, and Joe Biden and his wife Jill Biden have currently a net worth of \$US 9 million. Joe Biden cannot escape the deep relations with China's Communist Party, Russia, and the international laundering money's ring when 40,000 emails contained in the laptop of Hunter Biden in investigation will be publicized despite Facebook and Twitter censorship. Certainly Joe Biden hasn't taken a single penny from any foreign source, in fact he doesn't mind a penny, instead he got millions to a billion dollars from the foreigners through Hunter Biden, his son who set a corrupt bridge between his father and China and other countries.

**Do not listen to what Joe Biden talks, let's watch to see what Joe Biden did.** Sleepy Joe Biden is like Barack Obama, they did nothing but got so many things./.

**Notes:** (\*) South Vietnam's Constitution proceeded when President resigned or died, Vice President replaces and the next president was Senate chairperson and Parliament House's leader. Therefore, Four Stars General Dương Văn Minh was illegal president of South Vietnam, because he didn't match the Constitution, and didn't hold any position in South Vietnam's government, but Vietcong's undercover activists, the evil den Ân Quang temple (*the lurked lair of Vietcong in the religious Buddha*) and the innocent politicians plus Vietcong super spy's body code T-10 created Dương Văn Minh to be the illegal president of the Republic of Vietnam and he held over the government to Vietcong.
